INDEX OF ARTICLES

Air Pollution Control

- RTO Retrofit Cuts Costs, Increases Destruction Efficiency, **10/96,** pg. 57.
- Dual Air System Meets Space, Efficiency Needs, **10/96,** pg. 57.
- Electrostatic Precipator Guarantees Zero Opacity, **10/96,** pg. 58.
- Dust Collection Results in Energy Savings, **10/96,** pg. 60.
- Making the Most of Air Emissions Measurement Requirements, **11/96,** pg. 74.
- Lower Operating Temperatures Oxidize VOCs, **12/96,** pg. 42.
- Area Sources Identified for Future Hap Regulation, **1/97,** pg. 25.
- Jet Engine Modified to Destroy VOCs, **1/97,** pg. 89.
- Enhanced Intrinsic Bioremediation Speeds Site Cleanup, **2/97,** pg. 44.
- Streamlining the Title V Application Process, **2/97,** pg. 53.
- EPA Narrows MACT Preconstruction Program, **3/97,** pg. 23.
- Gas-to-Energy Plant Solves Emissions Problems, **3/97,** pg. 65.
- Cleanup Finds Beneficial Use for Waste Fly Ash, **3/97,** pg. 65.
- Vapor Extraction Rates for Decontaminating Soils, **3/97,** pg. 52.
- Chlorinated Oxidizer, HCl Scrubber Expand Soil Cleanup, **4/97,** pg. 61.
- Water Scrubbers Treat Low-Concentration Acid Compounds, **4/97,** pg. 61.
- Bracing for the New Ozone and Particulate NAAQS, **5/97,** pg. 60.
- Increased Thermal Oxidizer Capacity, **6/97,** pg. 56.
- Title V "Tug of War" Culminates in Draft Final Rule, **7/97,** pg. 21.
- Tape Manufacturer Invests in Carbon Recovery, **7/97,** pg. 61.
- Complying with EPA's RMPR: Part I, **9/97,** pg. 29.
- Cryogenic Condensation Puts a Chill on VOCs, **9/97,** pg. 56.
- Understanding Soil Vapor Extraction Rates, **Autumn Int'l.,** pg. 16.
- VOCs Pose a Sticky Situation for Industry, **Autumn Int'l.,** pg. 22.

Hazardous Waste/Materials

- Hazmat Pharmacies Dole Out Chemicals, Rake In Dollars, **10/96,** pg. 22.
- Modular Hazmat Structure Adds Safe Workspace, **10/96,** pg. 61.
- A Crash Course in Hazmat Transportation, **10/96,** pg. 42.
- Brazil Nuts Help Explain Radioactive Risk, **11/96,** pg. 64.
- H_2O_2 Cuts Haz Waste Disposal Costs for Refinery, **11/96,** pg. 76.
- Drainfield Solves Community's Effluent Problem, **11/96,** pg. 76.
- Wet Air Oxidation Used to Pretreat Spent Caustic, **11/96,** pg. 76.
- Ultrasound/Electrolysis Cuts Cleaning Operation Waste, **12/96,** pg. 47.
- Changing the Army's "Color Guard," **12/96,** pg. 30.
- Cleaning Up the Cold War Legacy, **2/97,** pg. 40.
- Researchers Invest a Little, Gain a Lot at Federal Field Labs, **3/97,** pg. 46.
- Robot Accepts Hazardous Zone Duty, **3/97,** pg. 66.
- Changing the Focus of Brownfields Cleanups, **4/97,** pg. 48.
- HDPE Barrier Wall Stops Flow of Contaminants into River, **6/97,** pg. 65.
- DOE Makes a Sound Investment in "Risky" Technologies, **6/97,** pg. 36.
- Chernobyl Effort Accepts American White Elephants, **8/97,** pg. 26.
- Solvated Electrons Solve Big Problems, **9/97,** pg. 47.
- Oil Skimmer Extends Coolant Life for Machine Shop, **9/97,** pg. 72.
- Agrochemical Solvent Cleans Tough Jobs, **9/97,** pg. 74.
- Untangling the Web of Spill and Release Reporting, **10/97,** pg. 50.
- Supply System Offers Hazardous Materials Alternatives, **10/97,** pg. 33.

Instrumentation

- Product Guide: Air and Water Analyzers and Monitors, **11/96,** pg. 68.
- Accurate Flow Data Helps Prioritize Sewer Repairs, **2/97,** pg. 63.
- Product Guide: Gas Detectors, Monitors and Analyzers, **5/97,** pg. 72.
- Choosing Test Kits for Air, Water and Soil, **7/97,** pg. 55.
- Portable Instrument Pinpoints H_2S Problems, **10/97,** pg. 55.

Laws & Regulations

- President Clinton Signs SDWA and FQPA, **10/96,** pg. 31.
- EPA Closer to Including Chemical Use Data in TRI, **11/96,** pg. 41.
- Concerns Raised on PTE Guidance, **11/96,** pg. 19.
- EPA Poised to Refine RCRA Recycling Options, **12/96,** pg. 25.
- D.C. Circuit Vacates Carbamate Listing Decision, **1/97,** pg. 41.
- SDWA Contaminant Identification Method Developed, **2/97,** pg. 33.
- Streamlining the Title V Application Process, **2/97,** pg. 53.
- EPA Issues Audit Policy Interpretive Guidance, **3/97,** pg. 31.
- EPA Issues Credible Evidence Rule, **4/97,** pg. 35.
- EPA Rethinks Water Quality Standards, **4/97,** pg. 56.
- CERCLA Section 106: A New Tool for Federal Agencies, **5/97,** pg. 31.
- Should You Self-Declare ISO 14000 Compliance?, **5/97,** pg. 47.
- Bracing for the New Ozone and Particulate NAAQS, **5/97,** pg. 60.

- Choosing Test Kits for Air, Water and Soil, **7/97,** pg. 55.
- Portable Instrument Pinpoints H_2S Problems, **10/97,** pg. 55.

Laws & Regulations

- President Clinton Signs SDWA and FQPA, **10/96,** pg. 31.
- EPA Closer to Including Chemical Use Data in TRI, **11/96,** pg. 41.
- Concerns Raised on PTE Guidance, **11/96,** pg. 19.
- EPA Poised to Refine RCRA Recycling Options, **12/96,** pg. 25.
- D.C. Circuit Vacates Carbamate Listing Decision, **1/97,** pg. 41.
- SDWA Contaminant Identification Method Developed, **2/97,** pg. 33.
- Streamlining the Title V Application Process, **2/97,** pg. 53.
- EPA Issues Audit Policy Interpretive Guidance, **3/97,** pg. 31.
- EPA Issues Credible Evidence Rule, **4/97,** pg. 35.
- EPA Rethinks Water Quality Standards, **4/97,** pg. 56.
- CERCLA Section 106: A New Tool for Federal Agencies, **5/97,** pg. 31.
- Should You Self-Declare ISO 14000 Compliance?, **5/97,** pg. 47.
- Bracing for the New Ozone and Particulate NAAQS, **5/97,** pg. 60.

- Remediating MGP Brownfields, **5/97,** pg. 66.
- Software Supports Interactive Environmental Audits, **6/97,** pg. 65.
- EPA Issues Supplemental, Proposed LDR Phase IV Rule, **6/97,** pg. 31.
- The Sector Facility Indexing Project: Why You Should Care, **7/97,** pg. 29.
- Title V "Tug of War" Culminates in Draft Final Rule, **7/97,** pg. 21.
- The Conformance vs. Compliance Debate, **7/97,** pg. 47.
- Does EPA Waste Min Effort Put Cart Before the Horse?, **9/97,** pg. 39.
- Untangling the Web of Spill and Release Reporting, **10/97,** pg. 50.
- EPA Seeks Comment on Waste Minimization Tool, **10/97,** pg. 27.

Pollution Prevention

- Geneva Steel: From Dinosaur to Modern Mill, **10/96,** pg. 27.
- Hazmat Pharmacies Dole Out Chemicals, Rake In Dollars, **10/96,** pg. 22.
- Multimedia Decision-Making: Fluid-Phase vs. Solid-Phase, **10/96,** pg. 39.
- Minimize Waste with Multimedia Strategies, **11/96,** pg. 61.
- Resources for Reducing Costs, Improving Performance, **11/96,** pg. 23.
- Resources Extending Far Beyond Research Triangle, **12/96,** pg. 21.
- Thinking Comes Before Technology, **1/97,** pg. 31.
- Minimizing Pollutants With Multimedia Strategies, **1/97,** pg. 45.
- To Waste or Waste Not: It's All in the Definition, **2/97,** pg. 29.
- When Plant Upgrading Meets Pollution Prevention, **3/97,** pg. 27.
- A Multimedia Universe Under One Roof, **3/97,** pg. 41.
- Company Reaps Benefits of Early Pollution Prevention, **4/97,** pg. 29.
- Moving Beyond Pollution Prevention, **5/97,** pg. 23.
- A Closed System Approach to Multimedia, **5/97,** pg. 35.
- A New Generation of Environmental Management, **6/97,** pg. 60.
- Applying Membrane Technology for Pollution Prevention, **6/97,** pg. 25.
- An Analysis of Cross-Media Transfers, **6/97,** pg. 41.
- Learning Source-Reduction Lessons from Other Industries, **7/97,** pg. 25.
- Imperfect Choices: Transfers from Liquid and Vapor Media, **7/97,** pg. 39.
- A Protege Defines the Process of Prevention, **8/97,** pg. 23.
- Communities Tackle Environmental Issues, **9/97,** pg. 35.
- Industrial Dilemmas: Transfers from Solid Media, **9/97,** pg. 43.
- Less Mercury Lights the Way to TCLP Compliance, **10/97,** pg. 23.
- Grinder Increases Efficiency, **1/97,** pg. 92.

Pumps, Pipes & Valves

- Pumps, Pipes and Valves: Distribution Network, **3/97,** pg. 60.
- CPVC Replaces Steel, PVC at Manufacturing Plant, **4/97,** pg. 62.
- Pumps Move Leachate, Help Recover Landfill Gas, **7/97,** pg. 62.

Remediation, Soil & Groundwater

- Electrochemical Treatment, Air Stripping Clean Groundwater, **12/96,** pg. 47.
- Steam Stripping Quickly Rids Site of Gasoline Spill, **12/96,** pg. 48.
- Enhanced Intrinsic Bioremediation Speeds Site Cleanup, **2/97,** pg. 44.
- Researchers Invest a Little, Gain a Lot at Federal Field Labs, **3/97,** pg. 46.
- Vapor Extraction Rates for Decontaminating Soils, **3/97,** pg. 52.
- New Sampling Tool Performs Old Tricks In Less Time, **4/97,** pg. 38.
- Catalytic Ozonation Treats Explosive Contaminated Groundwater, **4/97 Federal Facilities Supplement,** pg. 20.
- Base-Catalyzed Decomposition Proven on Guam, **4/97 Federal Facilities Supplement,** pg. 22.
- Remediating MGP Brownfields, **5/97,** pg. 66.
- Advanced Oxidation Provides Hands-Off TCE Destruction, **5/97,** pg. 79.
- HDPE Barrier Wall Stops Flow of Contaminants into River, **6/97,** pg. 65.
- Hitting the Bull's-Eye in Groundwater Sampling, **6/97,** pg. 50.
- Voluntary RCRA Corrective Action: An Opportunity for Industry, **7/97,** pg. 56.
- Risk Management: Reducing Brownfield Cleanup Costs, **8/97,** pg. 34.
- Industrial Dilemmas: Transfers from Solid Media, **9/97,** pg. 43.
- Solvated Electrons Solve Big Problems, **9/97,** pg. 47.
- Understanding Soil Vapor Extraction Rates, **Autumn Int'l.,** pg. 16.

Software/Computers

- Environmental Software Guide: Accessing the Future, **1/97,** pg. 58.
- Computer Modeling Aids Fugitive Emissions Retrofit, **1/97,** pg. 89.
- Software Supports Interactive Environmental Audits, **6/97,** pg. 65.
- Web Site Customizes Industry Information, **7/97,** pg. 74.
- Coming Soon: DOD-Specific, Labor-Saving Software, **7/97,** pg. 34.
- On-Line Data Search Speeds Site Assessment, **9/97,** pg. 71.

- 3-D Design Speeds Refinery Sulfur Reduction Project, **10/97,** pg. 55.
- Watershed Management Enhanced by On-Line Databases, **10/97,** pg. 19.

Solid Waste/Landfills

- Geosynthetic Matting Controls Erosion at Former Landfill, **1/97,** pg. 91.
- Cleanup Finds Beneficial Use for Waste Fly Ash, **3/97,** pg. 65.
- Industrial Dilemmas: Transfers from Solid Media, **9/97,** pg. 43.

Storm Water

- Localized Storm Water Management: Beyond the Borders, **3/97,** pg. 58.
- Space-Saving Filters Handle High-Volume Storm Runoff, **8/97,** pg. 39.

Tanks/Containment/Liners

- Selecting a Storage Tank System, **1/97,** pg. 76.
- Robot Accepts Hazardous Zone Duty, **3/97,** pg. 66.
- Product Guide: Above- and Underground Storage Tanks, **9/97,** pg. 68.
- Aboveground Tank Contains Sulfuric Acid, **9/97,** pg. 71.

Containment/Storage

- Modular Hazmat Structure Adds Safe Workspace, **10/96,** pg. 61.
- A Crash Course in Hazmat Transportation, **10/96,** pg. 42.

Water/Wastewater/Sludge

- POTWs Demand More From Consultants, **10/96,** pg. 48.
- Skimming Oily Wastewater, **10/96,** pg. 52.
- Biosolids Management: Beneficial Use Comes of Age, **12/96,** pg. 38.
- Watershed Management Addresses Area Water Quality Issues, **1/97,** pg. 82.
- DO Analyzers Help Improve WWTP Efficiency, **1/97,** pg. 90.
- Grinder Increases Efficiency, **1/97,** pg. 92.
- Ozone Controls Sewage Plant Odors, **1/97,** pg. 93.
- Jet-Cleaning Keeps Sewer Project on Schedule and Budget, **2/97,** pg. 61.
- Grinder Saves on Pump Repairs and Downtime, **2/97,** pg. 61.
- Sewer Pipe Rehabbed Without Excavation, **2/97,** pg. 62.
- Switch to Centrifuge Provides Several Advantages, **2/97,** pg. 64.
- Membrane Filtration: Live Long and Cost Less, **4/97,** pg. 42.
- Power Plant Saves Time and Money with RO System, **4/97,** pg. 63.
- Resin Resists Corrosive Effects of Wastewater, **4/97,** pg. 64.
- Extreme Wastewater pH Handled for Recycling, **5/97,** pg. 79.
- Trading Up, **7/97,** pg. 50.
- The Clean Water Act Turns 25, **8/97,** pg. 19.
- Automatic Clarifier Measurement Eliminates Guesswork, **8/97,** pg. 39.
- Applying Disinfection Alternatives to Wastewater Treatment, **9/97,** pg. 64.
- Membrane Filtration: Live Long and Cost Less, **Autumn Int'l.,** pg. 20.
- Batch Reactors Offer Efficient Wastewater Treatment, **10/97,** pg. 40.
- Watershed Management Enhanced by On-Line Databases, **10/97,** pg. 19.

Miscellaneous

- Multimedia Decision-Making: Fluid-Phase vs. Solid-Phase, **10/96,** pg. 39.
- POTWs Demand More From Consultants, **10/96,** pg. 48.
- Forecast '97: Another Roll of the Dice, **12/96,** pg. 34.
- Looking for Business? DOE Has A Deal For You, **1/97,** pg. 50.
- Response Team Has Plant Back Online Fast, **1/97,** pg. 93.
- Do You Know The Quality of Your Analytical Data?, **2/97,** pg. 54.
- Altered States: The Continued Evolution of Environmental Consulting, **2/97,** pg. 50.
- Jet-Cleaning Keeps Sewer Project on Schedule and Budget, **2/97,** pg. 61.
- Researchers Invest a Little, Gain a Lot at Federal Field Labs, **3/97,** pg. 46.
- ISO EMS Standard Spans International Boundaries, **4/97,** pg. 25.
- Ashes to Cash: Utilities are Building Steam in Recycling, **4/97,** pg. 46.
- Human Health Risk Assessment for Facilities, **4/97 Federal Facilities Supplement,** pg. 10.
- DOD Takes A New Look at Environmental Education, **5/97,** pg. 42.
- Integrating ISO 14000 and ISO 9000 into One System, **6/97,** pg. 47.
- Outsourced Mill Cogen Plant Provides Reliable Power, **7/97,** pg. 61.
- Salary Survey '97: Still Pocketing Paychecks, **8/97,** pg. 30.
- A Variety of Drivers Influence an EMS Program, **9/97,** pg. 53.
- Making SEMs of Compliance, **10/97,** pg. 46.
- Why Are ISO 14000 and Standardization Important?, **10/97,** pg. 37.
